Global Market Update

- 10 yr US treasury yield in the last trading was relatively stagnant at high level at 2.83% driven by vigorous condition in US labor sector and hawkish tone after Bank of England's meeting. US initial jobless claims in the weekend ended February 3, 2018 posted lower level at 221 thousand claims compared with prior week at 230 thousand claims and market expectation at 232 thousand claims. Therefore, in average level over the last 4 week period declined to its lowest level since March 10, 1973 at only 224.5 thousand claims. Meanwhile, despite the BoE's decision was matching market consensus to hold its benchmark rates at 0.5%, market was shocked by after meeting statement in which BoE will raise its benchmark rates sooner and more frequent than the initial expectation. This was due to current development that global economic has been improving faster and increasing pressure from robust domestic economic and inflation outlook. In line with the yield of 10 yr US treasury, several global yield namely UK Gilt and German Bund rose to 1.614% and 0.759%, respectively.

Domestic Market Update

- Indonesia Composite Bond Index in the last trading was up softly by 0.2% to 245,24 compared with previous days.
- Japan Credit Rating Agency raised Indonesia's sovereign credit ratings to BBB from previous level at BBB- with stable outlook.
- Next week, the government will again auctioned government securities with the target ranging from IDR17 - 25.5 trillion. There 5 auctioned series as described as follows SPN03180514 (new issuance), SPN12190214 (new issuance), FR0064 (reopening), FR0065 (reopening), and FR0075 (reopening).
- Today, government bond prices in the secondary market is likely to weaken driven by rising global yield especially us treasury and rupiah against US dollar that is expected to further depreciate. Also, the transaction volume of government bonds are likely to decline ahead of the auction in the next week.

- Yield 10 tahun US treasury pada perdagangan terakhir relatif stagnan di level tertinggi sebesar 2.83% yang didorong oleh menguatnya kondisi pasar tenaga kerja AS dan sentimen hawkish pasca pertemuan Bank Sentral Inggris (BoE). Data klaim pengangguran awal (*initial jobless claims*) AS pada minggu yang berakhir 3 Februari 2018, mencatatkan level yang lebih rendah yaitu sebesar 221 ribu klaim dibandingkan minggu sebelumnya sebesar 230 ribu klaim dan ekspektasi pasar sebesar 232 ribu klaim. Dengan demikian, secara rata-rata selama 4 minggu terakhir menurun ke level terendah sejak 10 Maret 1973 menjadi sebesar 224,5 ribu klaim. Sementara itu, meski keputusan BoE sesuai dengan ekspektasi pasar untuk mempertahankan suku bunga acuan di level 0.5%, pasar dikejutkan dengan pernyataan pasca pertemuan di mana BoE akan menaikkan suku bunga acuannya lebih cepat dengan frekuensi yang lebih banyak dibandingkan ekspektasi sebelumnya. Hal tersebut didorong oleh perkembangan ekonomi global yang pulih lebih cepat dan meningkatnya tekanan dari membaiknya ekonomi domestik serta outlook inflasi. Selaras dengan yield 10 tahun US treasury, beberapa yield global seperti UK Gilt dan German Bund meningkat masing-masing ke level 1.614% dan 0.759%.

- Indonesia Composite Bond Index pada perdagangan terakhir meningkat 0,2% ke level 245,24 dibandingkan hari sebelumnya pada perdagangan terakhir.
- Japan Credit Rating Agency menaikkan rating Indonesia ke level BBB dari sebelumnya BBB- dengan outlook stabil.
- Minggu depan, pemerintah berencana kembali melelang SUN dengan target penyerapan sebesar Rp17 hingga Rp25,5 triliun. Terdapat 5 seri yang akan dilelang minggu depan yaitu SPN03180514 (*new issuance*), SPN12190214 (*new issuance*), FR0064 (*reopening*), FR0065 (*reopening*), dan FR0075 (*reopening*).
- Hari ini, harga SBN di pasar sekunder berpotensi untuk melemah akibat sentimen dari meningkatnya yield global terutama US treasury dan kemungkinan berlanjutnya depresiasi nilai tukar rupiah terhadap dolar AS. Selain itu, dari sisi volume transaksi SUN di pasar sekunder diperkirakan akan menurun menjelang lelang minggu depan.
